Subject: Flagler County 15-1ESR Adopted

To: Adam Mengel, Planning and Zoning Director

Re: Flagler County 15-1ESR – Expedited Review of Adopted Comprehensive Plan Amendment

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that would result in adverse impacts to important state resources subject to the Department's jurisdiction.

Feel free to contact me at Suzanne.e.ray@dep.state.fl.us or (850) 245-2172 for assistance or additional information. Please send all amendments, both proposed and adopted, to Plan.review@dep.state.fl.us.
