2. Roll Call – A silent roll call showed a quorum was present.
3. Chair Comments
 - a. New Members – Chair Revels introduced Dr. Phyllis Pearson who will be representing the Flagler County Schools and Ms. Christine Sikora from CareerSource.
 - b. Grant Letter of Support – As announced by Mr. Jacob Bryant from Stewart-Marchman at last month's meeting, Stewart-Marchman has identified a grant for which they are applying to help reduce substance abuse and the rates of recidivism among youth as well as adults. The Council then provided the consensus for the Chair to sign a letter of support on behalf of the Council for this grant application

Dr. Phyllis Pearson arrived at 8:56 a.m.

4. Approval of August 10, 2016 Meeting Minutes – The motion was made by Chief Foster and seconded by Mr. Lewis to approve the August 10, 2016 meeting minutes. The motion was unanimously carried.

Judge Foxman arrived at 9:00 a.m.

5. Old Business
 - a. Jail Occupancy Report – The jail occupancy report through July 2016 was distributed along with the agenda (Attachment 1). Ms. Quintieri noted the Council the average population was 141. The new facility is working well, as they are now

Public Safety Coordinating Council
Meeting September 14, 2016
Minutes

able to accommodate everyone. The reconstruction of the former jail facility continues.

- b. Juvenile Civil Citation Program Report – Mr. Purdy distributed the Juvenile Civil Citation Program Report (Attachment 2) that is required by Florida Statute. Statewide, April thru June, the report shows about 50% of eligible cases received the civil citation. For the same period, for the 7th Circuit, the report shows a downward trend, ending at 31%. For Flagler County, there were very few cases with most recent totals of 80%, 67% and 60%, above the statewide average. The final page is the community based cases (as opposed to school based cases) where the numbers are still above the statewide average.

Mr. Kerr reiterated that against where we were three years ago, before we had a strong program in the county, we are doing very well. One of his staff pointed out that in Circuit 7, if half of those 521 who received a civil citation had been placed on probation, you would be looking at 7-8 probation officers that would have been impacted. It is, therefore, having an impact not only on the juveniles but the system overall.

- c. Crisis Triage and Treatment Unit (CTTU) Report – Mr. Donaldson reviewed the year-end report for this program (Attachment 3).

Ms. Harvey brought the Council up-to-date on the five grants they are applying for, in order to continue the CTTU program. They are hoping to be able to continue the critical part of the program, a central receiving unit, through a DCF grant. She thanked everyone who supplied the support in letters or data to show how important the program is and the impact it has had on the citizens.

They are also applying for a grant for Putnam and St. Johns Counties. While the direct funding for this may not be for Flagler County, the overall level of care in their four-county area will affect us as well.

They are very hopeful that the grant for the CTTU program through DCF will be successful. The article in the Florida Association of Counties about the program helps with the application, as well.

- d. Pre-Trial Release Program – Ms. Olson highlighted the August report (Attachment 4), with 74 at the beginning of the month. At the end of the month, there were 62 individuals in the program. Overall, they are seeing a 70-75% success rate for those in the program.
- e. Adult Civil Citation Program – Chair Revels announced that this program has not moved forward to the County Commission, due to the pending elections which will see changes in several city elections, and the lack of the commissioner to replace former Commissioner Frank Meeker, on the County Commission. Nothing has

Public Safety Coordinating Council
Meeting September 14, 2016
Minutes

changed, however, from what this Council proposed to go before the county Commission.

- f. Sally's Safe Haven Report – The July 2016 report was part of the agenda distributed to the Council (Attachment 5).

6. New Business

- a. Sally's Safe Haven Update – Sally Sherman reminded everyone of the background of how the program began, thanks to experiences Judge Raul Zambrano brought before this Council. Mrs. Sherman introduced members of the Core Committee who oversee the facility and program who were in the audience, to include Janet Nickels, Trish Giaccone and Eric Lociale.

Mrs. Sherman reviewed a short power point (Attachment 6) of the mission, vision, and guiding principles of the program. Mrs. Sherman then shared with the Council an audio/video of a domestic violence incident.

- 1) Program Services Report – Mrs. Sherman then asked the Children's Home Society Program Manager, Eric Losciale, to give a report on the activities at the facility over the last year. He reminded everyone the facility provides a safe environment for children to visit with non-custodial parents, who are the alleged perpetrator of the domestic violence. It is important for the children not to feel abandoned by the non-custodial parent. In turn, the non-custodial parent may be going through counseling, substance abuse classes, etc., and still able to visit with the children. The staff work with the families housed at the Family Life Center for the visitations. Mr. Losciale then shared photos (continuing Attachment 6) and reviewed how the visitations are set up, timing of the parent's arrival, and the facility. All visitations are court-ordered.

There are 23 families currently receiving services, with six families waiting orientation before going into the program. Since the program began, 97 families have been in the program, with 398 services provided. Referrals have been 121 with the difference (between that number and 97) being that the non-custodial family member decided not to participate in the program. One area lacking is the deficit of transportation where staff could pick up the family member and child to get them to the facility for the visitations. The current grant does not allow for transportation costs. The two other centers managed by the Children's Home Society have the transportation aspect available to their clients.

Mr. Purdy inquired if the State and Defense could be included in the reports to the judges where domestic violence is involved and cases are pending in the criminal court system.

Public Safety Coordinating Council
Meeting September 14, 2016
Minutes

Having seen several, Mr. Losciale feels Sally's Safe Haven is the best facility of this type throughout the State and handed out the brochure on the services (Attachment 7).

Mrs. Sherman thanked the County Commission for their funding support as well as the Facilities staff who did the build out of the facility and get engaged in the purposes and needs of the facility. The grant was awarded 2011 from the Department of Justice and the grant extension requested was approved to carry the facility for another year (through September 2017) due to adequate funding still remaining in the grant.

Mrs. Sherman announced that the \$400,000 grant for which we had applied was not awarded. One of the reasons for the denial was the fact that there is still approximately \$100,000 remaining in the current grant. We will be contacting the granting agency for further comments on our grant application.

- 2) Nat'l Institute on Fatherhood, Visitation and Domestic Violence – One of the requirements of the grant is that the committee and staff participate in training on a yearly basis. Mrs. Sherman thanked Judge Lee Smith who participated in the training in Boston this year. Judge Smith mentioned that he learned quite a lot at this training. One of the things that has been brought out from both the training and when looking at the video (previously played for the Council), is what is the root cause of this, what happens to the child when they are grown and how do we keep the child from becoming the abuser. We have to work rehabilitating the abuser. When he refers families to Sally's Safe Haven, he spends time with the abuser so they understand why it is important to participate in the program. We have to focus on the children, as well, not only in their relationship with the parent, but also so they understand why what happened is wrong in order to avoid their repeating the abuse.
- 3) End Violence Against Women Int'l Conference on Sexual Assault, Domestic Violence, and Engaging Men & Boys – Chair Revels provided a brief recap of this training that was held in Washington, DC. She mentioned the attendees included professions such as forensic investigators, nurses, elected officials, volunteers, prosecutors, social services agencies, police, etc. from around the world. Likewise, the classes were on a wide range of topics. Many spoke about that there are still some law enforcement agencies who feel the victims "had it coming". A 17-year old shared his story of being abused by older brothers by "stepping off the victim bus" and "stepping onto the recovery bus". Details were graphic for educational purposes but caused some attendees to cry, shake and even have to leave the room on occasion. Vice President Joe Biden created the Office of Violence Against Women Agency and, as such was the keynote speaker.

Minutes

Mrs. Sherman announced that the 2017 annual conference is going to be held in Orlando. She has been working with the organizational team from Washington, DC. If you are interested, Mrs. Sherman will have some free passes to attend the conference.

Mrs. Sherman then shared the Vernetta Cockerham story video.

- 4) *Start by Believing* Day Program –Trish Giaccone then introduced the *Start By Believing* campaign. Currently, the capacity at the domestic violence shelter is 32 beds. They have been housing 36 individuals for the last 2-1/2 months, in a 2,500 sq. ft. facility and three bathrooms.

Mrs. Giaccone stated that how we, as individuals and as a community, respond to victims of domestic violence, determines the next step in that individual's life. There is often times not respect and comfort for those who experience sexual assault or domestic violence; unlike those who lose a home, have a car accident, or experience the loss of a loved one.

No reaction is better than a bad reaction. Victims often contact their informal support system of friends, neighbors, and we need to share with them what it means to *Start by Believing*. When these programs are in place, there is an increase in victims seeking services at the hospitals and an increase in law enforcement calls. When billboards are removed, the numbers decreased again because the victims did not feel the support of the community. We are asking for everyone to start "believing" the story of the victim when they contact either hospitals or law enforcement agencies. This could be as simple as acting respectful to the victim while going through the process because then the victim feels free to share the experience and, in turn, the perpetrator can be prosecuted.

Mrs. Giaccone passed out some literature on the *Start by Believing* program (Attachments 8, 9 and 10). Mrs. Giaccone has staff who can come to organizations and speak to employees about how to handle domestic violence and sexual assault/talk with friends about their experiences and help them seek guidance.

She asked everyone to personally take the pledge to "Start By Believing". This program will be kicked off in April 2017, which is sexual assault awareness month.

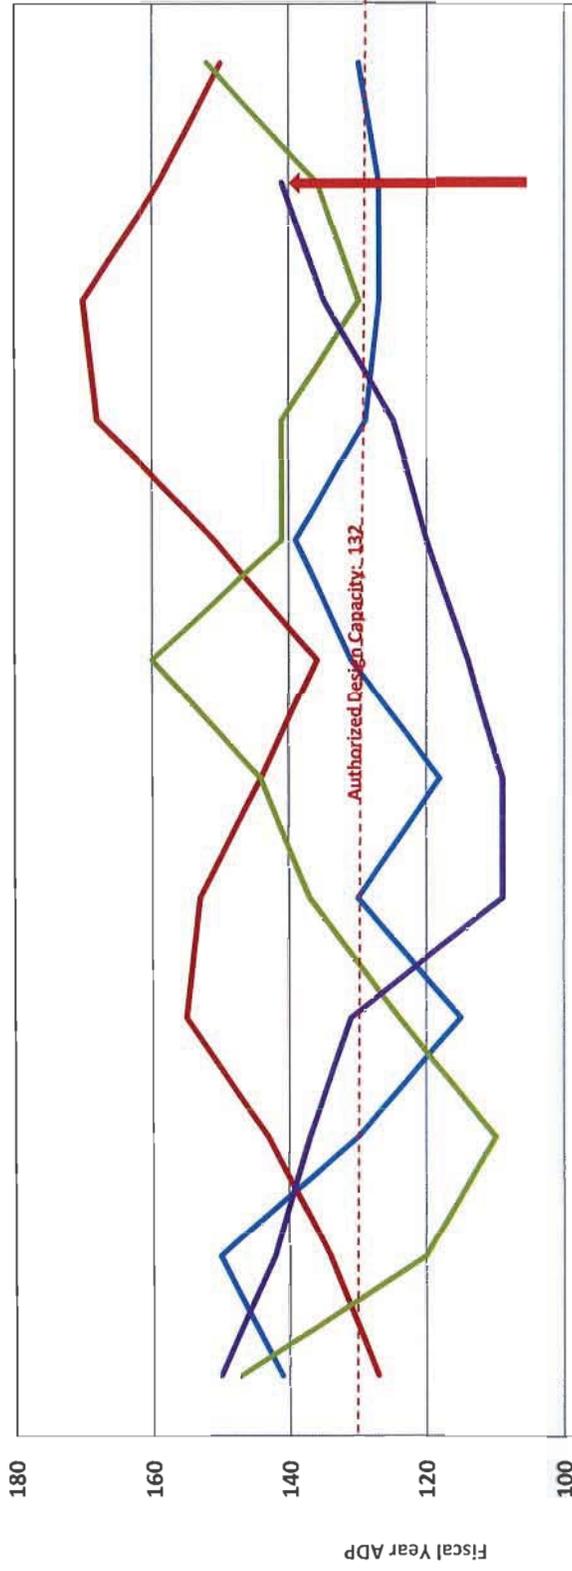

7. Council Comments -- Chair Revels announced the "Walk In Drive Out" program being sponsored by the Clerk of Court from September 19 to 30 when traffic and court fines can be paid without the 40% collection fee.

WHAT CAN YOU DO TO START BY BELIEVING IN FLAGLER COUNTY

End Violence Against Women International

Does this compromise the perspective of objectivity required to be a credible professional?

- The campaign simply asks criminal justice professionals & others to start by believing. Only after a thorough investigation has been completed can appropriate case determination be made.
- The only way to "find out the facts and determine what really happened" is to first establish rapport and gather essential information from victims.

Does this compromise the perspective of objectivity required to be a credible professional?

- The intention of the campaign is to start from an orientation of believing which does not necessarily mean saying the exact words, "I believe you." The important aspect is victims are treated with compassion and respect, rather than communicating (either explicitly or implicitly) that I don't believe you.

Start By Believing

- Post information in your breakroom, offices and public locations.
- Invite Family Life Center to train with staff.
- Help fund Public Service Announcements.
- Take the pledge

WHEN SOMEONE COMES TO YOU... WHAT WILL YOUR REACTION BE?

No one would respond this way to the victim of a car crash. Yet this is exactly the type of response sexual assault victims hear every day: "Are you sure it was a sexual assault? What were you doing there? You weren't wearing that, were you?"

Start by Believing is a public awareness campaign uniquely focused on the public response to sexual assault. Because a friend or family member is typically the first person a victim confides in, this person's reaction can be the first step in the victim's long path toward justice and healing.

Knowing how to respond is critical. A negative response can worsen the victim's trauma and foster an environment where perpetrators face zero consequences. Rapists attack an average of six times, so one failed response can equal five more victims.

Start by Believing was created to stop this cycle, by improving our personal reactions. The goal is to change the world, and outcomes for victims, **one response at a time.**

"My name is Ken. I am a husband, father, family member, friend, and a police officer who tries to make a difference in society, both personally and professionally."

"My name is Sheryl, I am an ER/CCU Nurse. I promise to *Start by Believing* with each victim I come in contact with in the hospital setting."

YOUR REACTION
MAKES THE DIFFERENCE.

RE:
2011-CW-AX-K014, Flagler County Board of County Commissioners

Dear Christie Mayer and Sally A Sherman:

Thank you for the time and assistance you and your staff provided during the OVW Office Based Review (OBR) conducted on November 30, 2016. The OBR provided valuable information on the status of your program.

No programmatic or administrative issues requiring formal resolution were identified during the OBR. The Safe Havens program appears to be progressing according to the plan presented in the approved application, and it is in compliance with Federal and OVW guidelines for this grant.

It was a pleasure to speak with you about your program and learn about your recent outreach to the courts and increase in supervised visitation referrals. I have reviewed your policies and procedures and would like to schedule a call to discuss a few suggestions to modify them. Additionally, I will be connecting you with the Center for Court Innovation (CCI) for the technical assistance discussed to assist you in training judges and court personnel.

If you have further questions concerning the OBR, your program, or available technical assistance, please do not hesitate to contact me at (202) 616-1590 and/or julie.aldrich@usdoj.gov. Thank you again for your cooperation and assistance during the OBR.

Sincerely,
Julie Aldrich
