Flagler County Board of Commissions
Attention: Mr. Frank Meeker, Chairman
1769 E. Moody Blvd.
Bldg 2, Suite 301
Bunnell, FL 32110-0787

Re: Bert J. Harris Claim, §70.001, *Fla. Stat.*, July 1, 2012

Dear Chairman Meeker,

We have the privilege of representing 108 Ocean Way North LLC, 200 Executive Way #200, Ponte Vedra Beach, FL 32082, property ID #04-11-31-3512-00010-1100, owner of an improved property described as Lot 110, Ocean Hammock, Parcel A-5, Plat 1. The house on this property was constructed and has been operating as a short-term rental property within the combined Hammock Beach Golf Resorts, Cinnamon Beach, and Ocean Hammock Subdivision. These subdivisions were approved by Flagler County in January 2001, including the use of these properties as short-term vacation rentals.

The “before” condition of the subject property is an 7-bedroom, single family residence able to accommodate up to 16 guests as a part of the authorized and approved short-term rental use of this property and others within this subdivision. The owner has a “vested right” to the use of these properties for which it was built, approved, and ultimately used.

By Flagler County’s passage on February 19, 2015 of Ordinance 2015-02, this property is now restricted to a lower occupancy and the existing use as short-term rental is not transferrable and extinguished over time.

The Florida Legislature has passed Section 70.001, *Fla. Stat.*, known as the “Bert J. Harris Jr. Private Property Rights Protection Act as Amended”.

Chapter 70.001, *Fla. Stat.*, “*inter alia*”, created a separate and distinct cause of action which provides for relief or payment of compensation when a new law, rule, regulation or ordinance of the state or a political entity in the state, as applied, unfairly affects real property. “When a specific action of a governmental entity has inordinately burdened an existing use of real property or a vested right to a specific use of real property, the property owner of that real property is entitled to relief which may include compensation for the actual loss to the fair market value of the real property caused by the action of government, as provided in this section.” *Fla. Stat.* §70.001(2).

The property owner of the subject property asserts that its vested right to an actual use of said real property has been inordinately burdened by Flagler County’s adoption of Ordinance 2015-02 by restricting its occupancy to 10 persons and by other restrictions contained in Ordinance 2015-02. That Ordinance inordinately burdened an existing use and/or vested right to a specific use of the subject property.

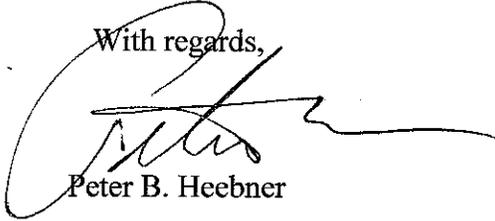

The cost to cure the property to convert or remodel the residence to meet the requirements of Ordinance 2015-02 are a part of this claim, but not part of the evaluation in the appraisal provided hereto.

To that end, this letter should serve as a formal, written claim pursuant to §70.001, *Fla. Stat.*, the Bert J. Harris Jr. Private Property Rights Protection Act as Amended. Attached to this letter is a bona fide, valid appraisal that provides for a before and after valuation demonstrating the loss in fair market value of the subject property resulting from the actions of Flagler County. This appraisal establishes the loss in value as a result of Ordinance 2015-02 to be \$210,000.00.

Pursuant to §70.001(4)(c), *Fla. Stat.*, Flagler County has 150 days to respond to this claim with a written settlement offer. You should consult your counsel as to any other obligations and settlement opportunities contained within this statute.

PLEASE BE GOVERNED ACCORDINGLY.

With regards,

Peter B. Heebner

RE: Diminution in Value Appraisal
108 Ocean Way North
Palm Coast, Florida 32137

Dear Mr. Heebner:

As requested, we have conducted the required investigation, gathered necessary data, and made certain analyses in order to determine if a diminution of market value exists for the subject rental property.

The subject is a three story single family residence with 7-bedrooms in the Ocean Hammock community. The residence was completed in 2014 to be utilized as a short term vacation rental to accommodate up to 16 guests.

The scope of this assignment is to provide two opinions of market value for the subject. The value opinions will refer to the "before" and "after" condition of the property with and without the limitations and restrictions of Ordinance 2015-02 adopted on February 19, 2015.

Ordinance 2015-02 was adopted by Flagler County to impose use regulations and restrictions upon single and two family residences which are utilized as short term vacation rentals. More specifically, as related to the subject property, this ordinance incorporates a maximum occupancy restriction of (10) guests per short-term vacation rental as well as other physical and regulatory restrictions.

BASS & ASSOCIATES, INC.

This appraisal report sets forth the identification of the subject property, assumptions and limiting conditions, pertinent facts about the subject area, comparable data, and the reasoning leading to the conclusions.

As the property is used solely as an income generating vacation rental only the Income Approach is applicable in the valuation of the subject.

This appraisal is based upon the unrestricted "before condition" and the "after condition" as restricted by the adoption of Flagler County Ordinance 2015-02. Information was received on income/expense data provided by the property owner, and based on our investigation and analyses undertaken, subject to the General and Special Assumptions and Limiting Conditions.

This letter must accompany the attached report consisting of 24 pages plus the related addendum in order for the value opinion set forth to be considered valid. Digitally signed copies of the appraisal report represent a copy of the original. Only manually signed and sealed reports are originals.

Should you have any questions, please do not hesitate to contact me.

Respectfully submitted,

A handwritten signature in black ink that reads "Richard W. Bass". The signature is written in a cursive style and is positioned above the printed name and title.

PURPOSE, USE AND USERS OF THE APPRAISAL

The purpose of this assignment is to render opinions of market value for the subject property first in it's "as is" before condition as a 7-bedroom home 4,852 +/- square feet NLA with a rental capacity up to 16 guests. This "before condition" reflects the use of the property prior to the adoption of Ordinance 2015-02.

The "after condition" opinion of value for the property is a 7-bedroom home with a permitted rental capacity of 10 guests to meet the requirements of Ordinance 2015-02.

If applicable, render an opinion of any diminution in value created by the imposed use regulations and restrictions.

This assignment is subject to the assumptions and limiting conditions contained herein. The intended use of this appraisal is for internal business decisions of the client and for possible expert witness testimony.

The client of this appraisal assignment is Peter Heebner, Esquire, his firm and associates.

The intended users include our client, client's advisors, the property owners 108 Ocean Way North LLC and a court of competent jurisdiction.

SCOPE OF WORK

The scope of this assignment includes research and analysis of market information two years prior to the retrospective date of value. Two indications of value will be rendered for the subject property, first the "before" condition of the subject as a 7-bedroom single family residence able to accommodate up to (16) guests. Secondly, the "after" value indication is of the subject property as built with 7-bedrooms for a maximum permitted occupancy of (10) guests.

The different scenarios relate to the Flagler County Ordinance 2015-02 restricting single family and two family properties which are utilized as such rentals, to a maximum occupancy of (10) guests. Prior to the adoption of Ordinance 2015-02 on February 19, 2015 there were no such restrictions upon owners whom utilize their residences as short term rentals.

The question the appraiser will address is: Is there a measurable market value difference between a 7-bedroom short term rental capable of accommodating 16 guests and a 7-bedroom rental only permitted to accommodate 10 guests in Flagler County?

As the scope of this assignment revolves around the adoption of Ordinance 2015-02 and its impact on the subjects highest and best use, and its impact upon short-term vacation rentals in Flagler County, only the Income approach to value is considered applicable to this assignment.

Approaches to Value

For the Income Approach, the appraiser gathers income and expense data concerning the subject property if applicable and similar properties in the market area. This is used to estimate a net annual income of the subject property. This amount is then capitalized to produce an indication of market value. The appraisers were provided detailed rental data on the subject and several rental houses located within Ocean Hammock by our client.

This is a special purpose assignment involving a newly adopted ordinance affecting short-term vacation rentals. More specifically the ordinance restricts the maximum number of occupants per rental therefore restricting potential income for such properties as well as requiring both physical and regulatory requirements.

Subject Market Area

The subject area includes three separate but intertwined communities of Hammock Beach Golf Resort; Cinnamon Beach and Ocean Hammock. These communities are a mixture of single and multifamily developments. According to the legal brief, Ocean Hammock was developed by entities controlled by Bobby Ginn for the purpose of a destination vacation resort to contain two 18-hole championship golf courses, single family homes, condominiums, hotel, restaurants, spa, convention facilities and other amenities.

The development was approved by Flagler County commission in January 2001. As part of the approvals single family residences were to be allowed as short-term vacation rentals.

Research

Research focused on market activity of free standing residential improvements located within Ocean Hammock which are currently part of the vacation rental pool. For the income analysis, we examined income and expense data provided for a variety of properties over the past two years as well as future rental agreements.

Data was gathered from various sources, including public records, real estate and rental company websites, active real estate professionals and local participants in the market. Various public and private sources were used to find and confirm data on sales and short-term rental rates, market conditions and the market appeal of the subject property. Final value conclusions were drawn after a thorough analysis and reconciliation of the available data.

Susan Fletcher conducted extensive research and analysis of the overall area, comparable data, and the subject property. Richard Bass performed a thorough review and analysis of all data collected. The ultimate opinions rendered herein are those of Richard Bass.

PROPERTY RIGHTS APPRAISED

The property rights being appraised consist of the fee simple interest. The appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or its title; nor does the appraiser render any opinion as to the title, which is assumed to be good and marketable. The rights appraised do not include any tangible personal property.

Fee Simple is defined as follows:

*"Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat"*¹

DEFINITIONS

Market Value is defined as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. *buyer and seller are typically motivated;*
2. *both parties are well informed or well-advised, and acting in what they consider their own best interests;*
3. *a reasonable time is allowed for exposure in the open market;*
4. *payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and*
5. *the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."*²

HISTORY OF SUBJECT

The last arms length transaction occurred on April 3, 2009 from Douglas and Brenda Alkema to Stephen and Sara Milo in consideration of \$150,000 as recorded in Flagler County Public Records as BK 1710 PG 250. This was for the property as a vacant lot.

Subsequent internal non arms length transfers occurred with the last occurring on August 6, 2014 from Stephen Milo to 108 Ocean Way North LLC recorded as OR BK 2019 PG 38.

¹ The Dictionary of Real Estate Appraisal, Appraisal Institute, Fifth Edition, 2010. Pg. 111

² Interagency Appraisal and Evaluation Guidelines, Federal Register, V. 75 No. 237, December 10, 2010

BASS & ASSOCIATES, INC.

The parcel was developed with a 7-bedroom residence which was completed on September 29, 2011. Since completion the residence has been utilized as a short-term vacation rental which can accommodate up to 16 guests. The home leases primarily on a weekly basis with rates between \$1,300 and \$7,600 a week depending upon the time of year. In 2014 the property leased for 42 weeks and to date there are 17 weeks leased for 2015.

PROPERTY OWNER NAME AND ADDRESS

According to public records of Flagler County, Florida, the recorded owner of the subject property on February 19, 2015 was:

108 Ocean Way North
200 Executive Way #200
Ponte Vedra Beach, Florida 32082

ZONING DESIGNATION

The subject is located within a PUD; Planned Unit Development which is land under unified control which is planned and developed as a whole in a single or programmed series of operations with uses and structures substantially related to the character of the entire development.

Density and development within a PUD must conform to the areas comp plan.

Details regarding this zoning district can be found at the website <http://www.municode.com/library/FL>.

FUTURE LAND USE DESIGNATION

The subject is identified within the Mixed Use-Low Intensity-Low/Medium Density Residential. Permitted uses and intensity include 1.0 to 7.0 residential units per acre which shall occupy a minimum of 15% and max of 70% of overall development area. Retail and office shall occupy a minimum of 15% and max of 50% of development area.

ASSESSED VALUATION AND TAXES

The subject is identified within Flagler County by parcel identification numbers. The 2014 assessed values are as follows:

Parcel ID	2014 Assessed Value	2014 Taxes
04-11-31-3512-00010-1100	\$479,387	\$9,005

**OCEAN HAMMOCK
TAX COMPARABLES**

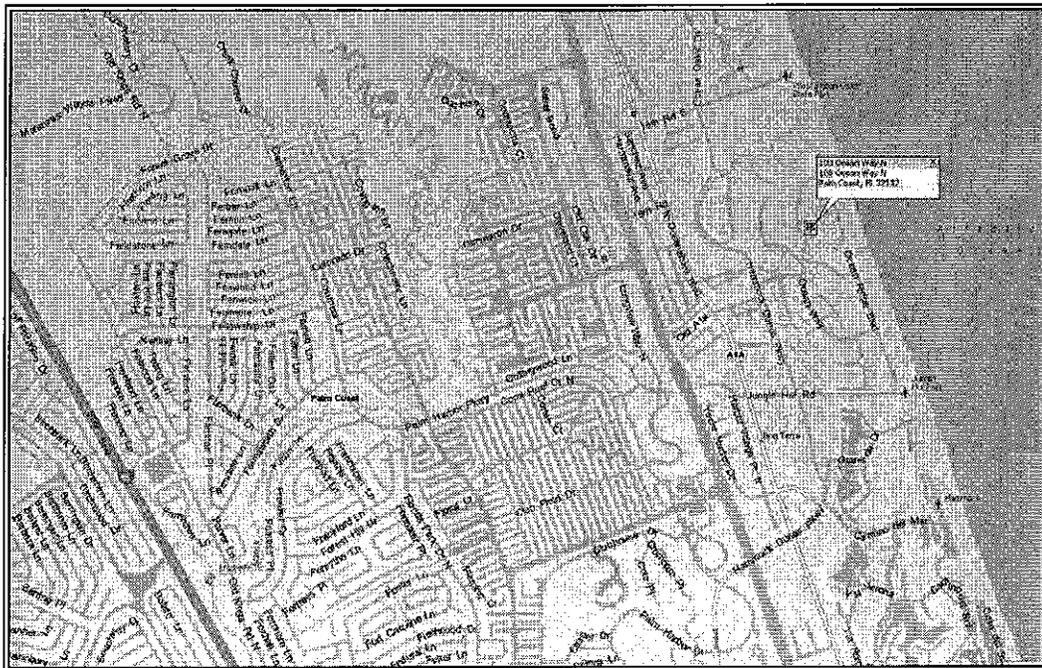

<u>Address</u>	<u>Year Built</u>	<u>Size</u>	<u>Land Assessment</u>	<u>Improved Assessment</u>	<u>Total Assessment</u>	<u>\$/SF Assessed Value</u>
17 Hammock Beach Pkwy	2012	4,119 GBA	\$54,000	\$424,933	\$478,933	\$116.27
16 Ocean Ridge Blvd North	2004	6,117 GBA	\$450,000	\$649,824	\$1,012,404	\$165.50
27 Ocean Ridge Blvd South	2007	6,714 GBA	\$450,000	\$777,358	\$1,128,297	\$168.05
21 Hammock Beach Pkwy	2007	7,455 GBA	\$66,000	\$841,970	\$907,970	\$121.79

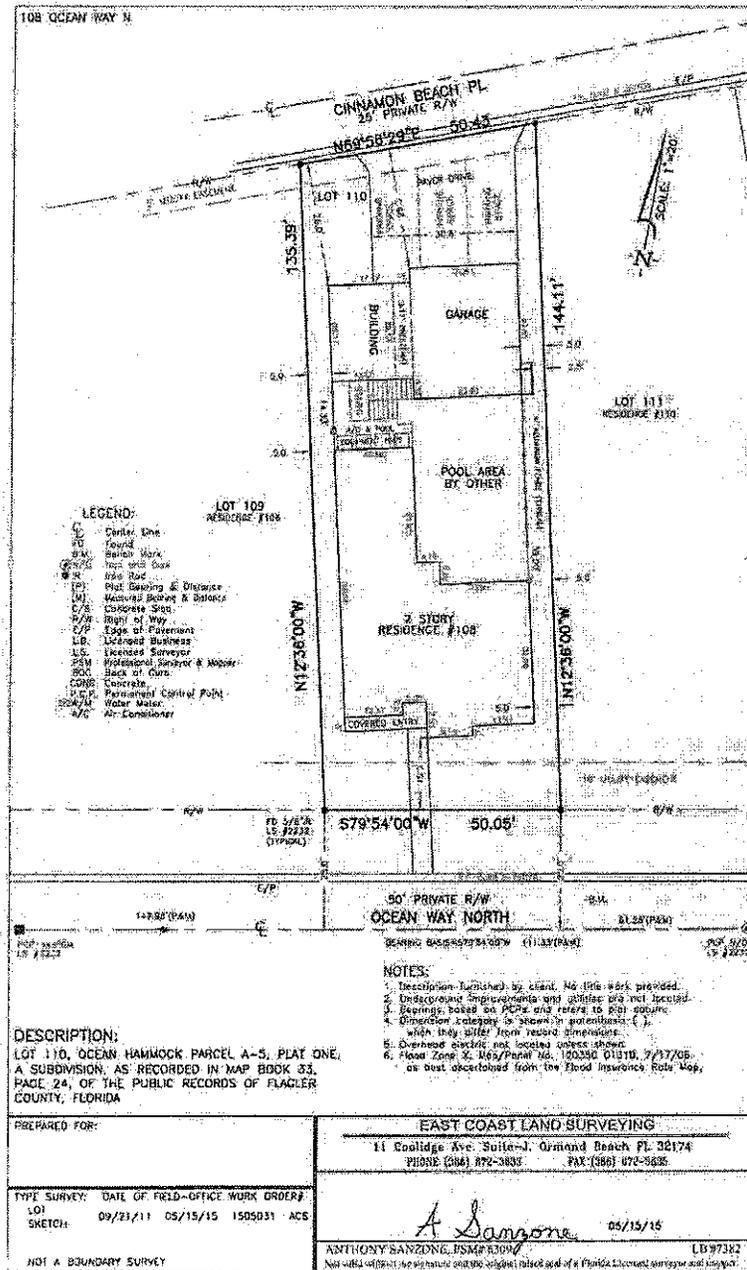

The subject is located on Ocean Way North which is an interior lot with no direct view. The residence is 5,241 square feet of gross building area situated on a 6,988 +/- square foot parcel. Based upon the assessment comparables above and the subject's lack of lake, golf course or ocean view, an assessed value per square foot for the subject is concluded to be \$115.00/SF or \$602,715.

We base the projected property taxes upon the 2014 millage rate of 16.5782 to reach an annual property tax expense of \$9,992.

FLOOD ZONE

According to the site survey completed by East Coast Land Surveying, the subject is located entirely within the "X" flood district. This depicts minimal food hazard areas. Community Panel 12035C 0131D, effective July 17, 2006.

SUBJECT LOT SURVEY

PROPERTY DESCRIPTION

SITE DESCRIPTION

- Location:** The subject site is located within Ocean Hammock gated community in unincorporated Flagler County. Site address is 108 Ocean Way North, Palm Coast, Florida 32137.
- Legal Description:** Lot 110, Ocean Hammock Parcel A-5 plat one, a subdivision as recorded in map book 33, page 24, of the public records of Flagler County, Florida.
- Area & Shape:** The lot is rectangular in shape 6,988 square feet, mol. Site dimensions are approximately 50.00' wide X 140' deep.
- Access:** The lot is accessible from both Ocean Way North and Cinnamon Beach Place via a private right of way located within the gated Ocean Hammock community.
- Drainage:** This is an internal lot and drainage appears to be adequate for the neighborhood.
- Utilities:** County water and sewer, electrical power, telephone, and internet service are readily available to the site.
- Easements and Encroachments:** The subject lot is assumed to have the typical utility easements located onsite.

IMPROVEMENTS DESCRIPTION

The vertical improvements consist of a three story residence of 5,241 square feet (mol) of gross building area and 4,852 square feet (mol) of net living area. The residence was constructed in 2011. The interior includes 7-bedrooms, 7.0 baths, (2) living rooms, dining room, theater room, game room, kitchen, laundry room and an elevator.

Additional amenities include exterior balconies, private swimming pool, spa, and a 2-car garage.

The overall Ocean Hammock Resort includes a clubhouse with a game room, fitness center and café. Additional community swimming pool, spa and children's water playground are available as well as several access ways to the beach.

HIGHEST AND BEST USE

Highest and Best Use is defined by the Appraisal Institute in, The Appraisal of Real Estate as follows:

The reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, and financially feasible and that results in the highest value.³

Implied in this definition is that the determination of highest and best use takes into account the contribution of a specific use to the community and community development goals, as well as the benefits of that use to individual property owners. Hence, in certain situations the highest and best use of land may be for parks, green belts, preservation, conservation, wildlife habitats and the like.

TESTS OF HIGHEST AND BEST USE

In analyzing the Highest and Best Use of the subject property, a number of physically possible uses are considered. These physically possible uses are then analyzed in light of the highest and best use tests of legality, financial feasibility and maximal productivity of the property.

The tests of highest and best use are normally applied to a property both as if vacant and ready for development and as currently improved. The scope of this assignment is to render the market value of the subject property in its "as is" condition. Therefore, only the highest and best use analysis as improved is considered applicable.

Highest and Best Use "As Improved"

Physically Possible

This home was constructed and configured for the purpose of being utilized as a short-term vacation rental for multiple family gatherings or large groups of people. The subjects' interior can be used as is or reconfigured to suit single family owner occupancy.

Legally Permissible

The subject residence is located within Cinnamon Beach of Ocean Hammock and short-term vacation rentals are permitted.

Financially Feasible

The improvements were completed in 2011 and are being utilized for short-term vacation rental purposes. The home was originally built for this purpose. As such, the interior is configured with 7-bedrooms and 7.0 baths permitting up to 16 guests for use by multiple families or large groups.

³ The Appraisal Of Real Estate, Fourteenth Edition, Appraisal Institute, 2013

The property has been in the rental pool since 2012 and rented for 42 weeks in 2014. The property is rented primarily on a weekly basis with rates ranging from \$1,300 to \$7,600 per week depending upon time of year. There are no restrictions pertaining to the length of time the house may be rented. To date the property has 17 weeks leased for 2015.

Rental data provided for our analysis indicates there were 53 single family properties located within Ocean Hammock Resort which were part of a short-term rental program in 2014 and 54 homes in 2013. Short-term rental rates, depending upon property size, occupancy and location, range anywhere from \$900 to \$12,900 per week.

The pattern of sales over the past two years for these single family houses appears to be a mix of owner occupants and investors. However, there have been no sales of 10+ bedroom homes in the past two years similar to the subject. The option for an owner in Ocean Hammock to rent their single family residence on a short term basis is financially feasible.

Maximally Productive

The maximally productive use of the subject is for continued use of the existing vertical improvements for short-term rental purposes with a minimum capacity of (2) guests per bedroom.

HIGHEST AND BEST USE CONCLUSION

The highest and best use is continued use of the existing vertical improvements for short-term rental purposes based on the improvements design.

**INCOME APPROACH
"BEFORE" CONDITION**

The Income Approach relies upon the principle of anticipation; the price a purchaser would pay today to receive a stream of future income. The appraiser begins by conducting research and forming an opinion of the subject's potential for generating income, as compared to the market for like kind properties. The conclusion of stabilized net operating income (NOI) is then "capitalized" into a value indication. This represents the most likely price an investor would pay in order to receive the indicated income.

The subject property was developed specifically for use as a short-term vacation rental to be leased on a weekly basis to meet the needs/demands of the market. The weekly rental rate/fee varies depending upon the time of year.

In addition to the base rate, the renters are responsible for a cleaning fee of \$495.00, a non-refundable damage fee of \$395.00, amenity/booking fee of \$340.00+/-, and applicable state and county taxes. The income generated by the subject in base rental income for 2014 is provided below.

# Rental Weeks	Dates of Stay	Base Rental Amount
1	1/18/2014-1/24/2014	\$1,995
2	1/26/2014-2/1/2014	\$2,066
3	2/6/2014-2/8/2014	\$1,155
4	2/10/2014-2/16/2014	\$2,782

Ocean Hammock Short Term Vacation Rentals

In order to gage vacation rental income for the subject as of the effective date of value, we have investigated the Ocean Hammock community for other short-term rentals. The rent comparables are appropriate for the age, condition, size and occupancy.

Rental Address	Rental Size	Occupancy	Rental Rates	# Weeks Rented 2014	Gross Annual Rental Income 2014
11 Ocean Oaks Lane	8 Bed/6 Bath (Preserve)	18	\$1,500-\$8,500	43 Weeks	\$165,069 (\$3,839/wk)
28 Hammock Beach Circle	7 Bed/5.5 Bath (Partial Ocean)	16	\$1,100-\$7,000	32 Weeks	\$114,711 (\$3,585/wk)
1 Ocean Ridge Blvd North	6 Bed/4.5 Bath (Partial Ocean)	14	\$1,200-\$6,700	45 Weeks	\$137,473 (\$3,055/wk)
501 Cinnamon Beach Lane	6 Bed/4.5 Bath (Partial Ocean)	14	\$1,345-\$7,000	33 Weeks	\$109,870 (\$3,329/wk)
					\$3,452/week avg

Rental Address	Weeks Reserved 2015	To Date Projected Rental Income 2015
Subject Property	17 Weeks	\$77,402 (\$4,553/wk)
11 Ocean Oaks Lane	16 Weeks	\$52,670 (\$3,292/wk)
28 Hammock Beach Circle	23 Weeks	\$82,302 (\$3,578/wk)
1 Ocean Ridge Blvd North	16 Weeks	\$63,364 (\$3,960/wk)
501 Cinnamon Beach Lane	21 Weeks	\$80,103 (\$3,814/wk)
		\$3,840 week avg

Projected Short Term Rental Income

In order to project the rental income for the subject we look at the historical rental information of the subject as well as similar short-term rentals within Ocean Hammock. For 2014 the average weekly rental rate for the subject was \$3,690. This is within range of the four rental comparables.

The projected gross income for the subject as a short-term rental is on average \$4,000 per week for 52 possible rental weeks or \$208,000. This projected gross income is slightly lower than the historical average even though the overall U.S. economy is gaining strength; we err on the side of caution.

Vacancy Losses

The number of weeks within a given year which the subject will be rented is expected to vary. We have based vacancy losses on the number of weeks rented from the previous year of the subject and comparable rentals. In 2014 the subject was rented for 42 weeks. As of the effective report date the subject has 17 weeks reserved for 2015.

Looking at the occupancy of the four rental comparables utilized, the properties have vacancy rates for 2014 between 17% and 38%.

We project average rental occupancy for the subject to be 35 weeks which reflects a 33% vacancy rate. Multiplying \$208,000 X .33% renders a vacancy loss of \$68,640 or an effective gross rental income for the subject of \$139,360.

Expenses

The final step in estimating the subject's Net Rental Income requires consideration for, and deduction of, applicable expenses associated with maintaining the house as a rental.

These expenses include property management fees, property taxes, homeowner insurance, professional services, repairs/maintenance of the property, utility costs, HOA fees of the resort community, advertising and supplies. The appraiser examined profit and loss statements for the prior year of the effective value date in order to estimate future expenses for the subject rental.

BASS & ASSOCIATES, INC.

**108 OCEAN WAY NORTH
PRO FORMA (2015)
"BEFORE"**

Potential Gross Rental Income	\$208,000
Vacancy Loss (33%)	<u>\$ 68,640</u>
Effective Gross Rental Income	\$139,360
Expenses

Total Expenses (52% expense ratio)	(\$73,480)
Net Operating Rental Income	\$ 65,880

* It is noted that the current insurance policy does not include windstorm coverage which reduces the annual premium significantly.

BASS & ASSOCIATES, INC.

Capitalization Rate

The final step in the Income Approach is to "capitalize" the net operating rental income to an estimate of present worth or value of the property being analyzed. There are several methodologies which can be employed. When market data allows, a reliable overall capitalization rate can be extrapolated from sales activity from within the marketplace.

	<u>Sale Price</u>	<u>NORI</u>	<u>Est. Cap Rate</u>
29 Oak Circle	\$566,000	\$43,570	7.70%
14 Cypresswood Dr.	\$670,000	\$44,090	6.58%
28 Hammock Beach	\$825,000	\$73,368	8.89%
39 Ocean Ridge Blvd	\$900,000	\$65,313	7.26%

	<u>List Price</u>	<u>NORI</u>	<u>Est. Cap Rate</u>
36 Ocean Ridge Blvd.	\$1,745,000	\$136,135	7.80%
536 Cinnamon Beach	\$1,745,000	\$253,997	14.56%
44 Sandpiper Lane	\$890,000	\$ 86,628	9.73%

Estimating the Capitalization Rate

Direct Capitalization applies a market-derived rate reflecting investor risk assumptions. Net Operating Rental Income is divided by this capitalization rate to arrive at a value indication.

Published reports indicate that real estate investors can expect on average 6% to 8% returns on single family rentals in Florida. Some market areas provide better opportunities than others such as Miami. A 7.5% cap rate is projected for the subject property.

INCOME VALUE INDICATION "BEFORE" CONDITION

The final step in estimating a value via the Income Approach is the application of the rate to the estimated NORI. Dividing the Net Operating Rental Income of \$65,880 divided by .075 renders an estimated value for the subject property via the Income Approach of \$878,400 rounded to:

**EIGHT HUNDRED EIGHTY THOUSAND DOLLARS
\$880,000**

**INCOME APPROACH
"AFTER" CONDITION**

One of the restrictions of Ordinance 2015-02 involves the maximum occupancy of short term vacation rentals located throughout Flagler County. As directly relating to the subject property the restriction reads:

Any PUD development or specific portion thereof developed as a single or two-family neighborhood, the maximum occupancy shall be limited to ten (10) occupants per short-term vacation rental unit.

A list was compiled breaking down the single family short-term vacation rentals located in Ocean Hammock by bedroom count and current occupancy.

The first table illustrates the actual 2014 gross income of rentals which have six (6) bedrooms and currently permit 14 occupants.

Address	Gross Rental Income	# Weeks Rented	Weekly Rate
36 Ocean Ridge N	\$136,135	35	\$3,890
23 Ocean Ridge N	\$97,215	30	\$3,241
34 Hammock Beach	\$196,786	36	\$5,466
1 Ocean Ridge N	\$137,476	45	\$3,055
501 Cinnamon Beach Lane	\$123,037	35	\$3,515
6 Bedroom Rental			\$3,833

The second table represents the actual 2014 gross income of rentals which have five (5) bedrooms and currently permit 12 occupants.

Address	Gross Rental Income	# Weeks Rented	Weekly Rate
15 Ocean Ridge	\$147,850	35	\$4,223
7 Northshore Drive	\$65,588	26	\$2,523
30 Sandpiper Lane	\$14,416	10	\$1,442
20 Las Palmas	\$85,178	45	\$1,893
26 Sandpiper	\$43,437	21	\$2,068

103 Ocean Way N	\$47,852	35	\$1,367
23 Cinnamon Beach Way	\$70,209	36	\$1,950
12 Cinnamon Beach Way	\$81,225	35	\$2,321
18 Blue Heron	\$42,154	32	\$1,317
39 Ocean Ridge S	\$109,856	34	\$3,231
4 Bedroom Rental			\$1,936

Projected Short-Term Rental Income "After"

In order to project the future rental income for the subject in the "after" condition we look at the annual income of short-term rentals within Ocean Hammock which permit 10 to 14 occupants. Three tables were compiled to indicate as the number of rentals increases the number of bedrooms/permitted occupancy decreases. Also, as shown over the three tables, as the availability of rentals increases the average weekly rate decreases.

Ordinance 2015-02 restricts the subject property, which was built to accommodate up to (16) guests, to a maximum occupancy of (10) guests. While there is a vesting provision for the current owner of the property, our understanding is that vesting is not transferrable if the property is sold. So a buyer looking at this property as a potential rental investment would only be permitted to utilize it for maximum of (10) guests. This then creates a functional obsolescence which would need to be cured.

A renter in the market to lease a vacation home in Ocean Hammock for 10 occupants would look for homes with between four and six bedrooms.

The specific weekly income for each of the residences varies depending upon amenities offered and lot location. Choosing the rentals which most closely resemble the subject as to amenities offered (pool/spa, etcetera) the potential gross income for the subject with a maximum occupancy of (10) guests is projected to average \$3,500 per week for 52 possible rental weeks or \$182,000.

Vacancy Losses "After"

The number of weeks within a given year the subject will be rented is expected to vary. As the subject is restricted to a maximum of (10) occupants in the "after" situation the property will be competing with a much larger pool of potential rental properties which can accommodate up to (10) guests. Looking at annual guest stays of 4 to 6-bedroom comparables a vacancy rate of 13% to 76% is indicated. These vacancy rates do not consider occupancy by the owners. As an example, 31 Sandpiper was occupied for eight weeks by the owners.

We project the subject will average between 30 and 32 weekly guest stays per year for a 38% vacancy rate. Multiplying \$182,000 X .38% renders a vacancy loss of \$69,160 or an effective gross rental income for the subject of \$112,840.

Expenses

The final step in estimating the subject's Net Rental Income requires consideration for and deduction of applicable expenses associated with maintaining the house as a rental.

These expenses include property management fees, property taxes, homeowner insurance, professional services, repairs/maintenance of the property, utility costs, HOA fees of the resort community, advertising and supplies.

BASS & ASSOCIATES, INC.

108 OCEAN WAY NORTH PRO FORMA (2015) "AFTER" CONDITION

Net Operating Rental Income **\$ 50,243**

* It is noted that the current insurance policy does not include windstorm coverage which reduces the annual premium significantly.

Capitalization Rate

The final step in the Income Approach is to "capitalize" the net operating rental income to an estimate of present worth or value of the property being analyzed. There are several methodologies which can be employed. When market data allows, a reliable overall capitalization rate can be extrapolated from sales activity from within the marketplace.

	<u>Sale Price</u>	<u>2013 NORI</u>	<u>Est. Cap Rate</u>
29 Oak Circle	\$566,000	\$43,570	7.70%
14 Cypresswood Dr.	\$670,000	\$44,090	6.58%
28 Hammock Beach	\$825,000	\$73,368	8.89%
39 Ocean Ridge Blvd	\$900,000	\$65,313	7.26%
36 Ocean Ridge Blvd. North	<u>List Price</u> \$1,745,000	<u>2014 NORI</u> \$136,135	<u>Est. Cap Rate</u> 7.80%
536 Cinnamon Beach Lane	\$1,745,000	\$253,997	14.56%
44 Sandpiper Lane	\$890,000	\$86,628	9.73%

Estimating the Capitalization Rate

Direct Capitalization applies a market-derived rate reflecting investor risk assumptions. Net Operating Income is divided by this capitalization rate to arrive at a value indication.

Published reports indicate that real estate investors can expect on average 6% to 8% returns on single family rentals in Florida. Some market areas provide better opportunities than others such as Miami.

A 7.5% cap rate is projected for the subject property.

**INCOME VALUE INDICATION
"AFTER" CONDITION**

The final step in estimating a value via the Income Approach is the application of the rate to the estimated NORI. This analysis does not consider the cost to cure which would be an additional onetime expense.

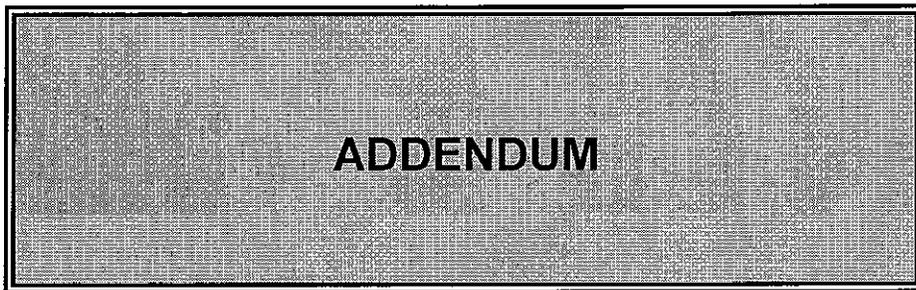

Dividing the Net Operating Rental Income of \$50,243 by .075 renders an estimated value for the subject property via the Income Approach of:

**SIX HUNDRED SEVENTY THOUSAND DOLLARS
\$670,000**

RECONCILIATION AND VALUE OPINIONS

One approach to value has been considered in analyzing the subject property. This resulted in the following indications of "Before" and "After" market values:

"Before" Condition	
Income Approach	\$880,000
"After" Condition	
Income Approach	<u>\$670,000</u>
Diminution in Value	\$210,000

I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

My compensation for completing this assignment is not contingent upon the development or reporting of a requested minimum valuation or any approval of a loan.

The reported analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the requirements of the Code of Professional Ethics & Standards of the Professional Appraisal Practice of the Appraisal Institute.

The use of this appraisal is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

Bass & Associates has not appraised the subject property within the three years prior to accepting this appraisal assignment.

I have NOT made a personal visit to the property which is the subject of this report.

No one has provided significant professional assistance to the person(s) signing this report.

As of the date of this appraisal, the undersigned has completed the continuing education program of the Appraisal Institute.

Richard W. Bass, MAI/AICP
State-Certified General Real Estate Appraiser RZ348

CERTIFICATION

I certify that, to the best of my knowledge and belief:

The statements of fact contained in this report are true and correct.

The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, are my impartial, and unbiased professional analyses, opinions, and conclusions.

I have no present or prospective interest in the property that is the subject of this report, and no interest with respect to the parties involved.

I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

My compensation for completing this assignment is not contingent upon the development or reporting of a requested minimum valuation or any approval of a loan.

The reported analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the requirements of the Code of Professional Ethics & Standards of the Professional Appraisal Practice of the Appraisal Institute.

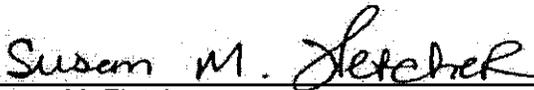

The use of this appraisal is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

Bass & Associates has not appraised the subject property within the three years prior to accepting this appraisal assignment.

I have NOT made a personal visit to the property which is the subject of this report.

No one has provided significant professional assistance to the person(s) signing this report.

As of the date of this report, Susan Fletcher has completed the Standards and Ethics Education Requirements of the Appraisal Institute for Practicing Affiliates.

Susan M. Fletcher
State-Certified General Real Estate Appraiser RZ3223

**GENERAL ASSUMPTIONS
AND LIMITING CONDITIONS**

**ASSUMPTIONS AND LIMITING CONDITIONS
TO THIS VALUATION ASSIGNMENT**

A "valuation assignment" is one in which an appraisal is sought. An "appraisal" is defined by USPAP as:

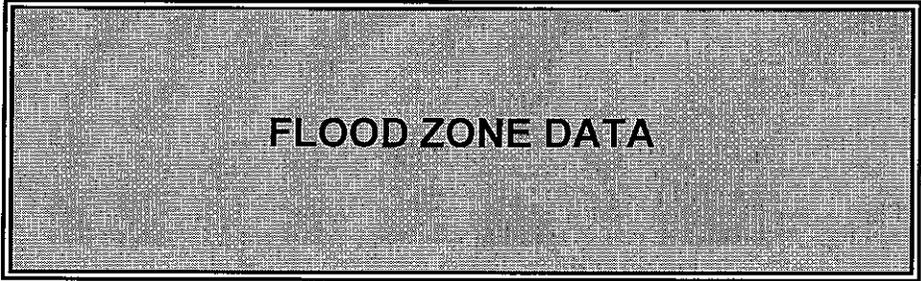

"the act or process of developing an opinion of value; an opinion of value"

An "appraisal" is an opinion of value, not a "fact" of value. An "appraisal report" relays the appraisers' opinion, typically in writing.

The following Assumptions and Limiting Conditions apply (as may be applicable by the property type) to this Valuation Assignment

1. As real estate analyst and appraiser, no responsibility is assumed for the legal description or for matters including legal or title considerations. As we are not attorneys, any interpretations or opinions rendered are not legal opinions. Title to the property is assumed to be good and marketable unless otherwise stated.
2. Unless otherwise set forth in our opinion of value, the property is appraised free and clear of any or all liens, encumbrances or easements made known to the appraisers.
3. Responsible ownership and competent property management is assumed.
4. It is assumed that there are no hidden or unapparent conditions of the property, subsurface, surface, or structures that render it more or less valuable. No responsibility is assumed for such conditions or arranging for engineering studies that may be required to discover any defects. We are not trained as home inspectors or building inspectors.
5. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless specific noncompliance is known, defined, and considered in the appraisal report.
6. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a non conformity has been stated, defined, and considered in the appraisal report.
7. All furnishings and equipment, unless specifically indicated, have been disregarded by the appraiser. Only the real estate/real property has been considered.
8. If no survey of the subject property is provided to the appraiser, it is assumed the legal description and/or current plat obtained from the public records closely delineates said property.
9. Physical condition of any improvements located above or below grade on the subject property is based on visual inspection. No responsibility or liability is assumed for non-readily observable features or for the soundness of structural members or below grade features.
10. The American with Disabilities Act ("ADA") became effective January 26, 1992. I have not made a specific compliance survey or analysis of the subject property or comparables to determine whether or not there is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more elements of Act. If so, this fact could have a negative effect upon the value of the property. Since I have no direct evidence relating to this issue, I did not consider possible noncompliance with the requirements of ADA in estimating the value of the property.
11. The date of value to which the opinion of value is expressed in this report apply is set forth in herein. An opinion of value is "as of" a point in time only. Further, the dollar amount of the value opinion herein rendered is based upon the purchasing power of the U. S. dollar existing on the date of value.
12. Appraiser assumes no responsibility for economic, fiscal or physical factors which may affect the opinion of value occurring at some date after the date of the value.
13. Appraiser reserves the right to make adjustments to the valuation of the subject property, as may be required by consideration of additional reliable data that may or may not have been discovered at the time of rendering an opinion of value or which becomes available after the date of value/appraisal.
14. The opinion of value represents the best opinion of the analyst(s) as of the date of value and for the value of the interested considered. If the appraisal is submitted to an entity other than the identified client, such party should not be an intended user of the appraisal or appraisal report and should not rely upon said opinion.
15. Any intended user of the value opinion should only consider the subject appraisal report in its entirety and only as one factor together with its own independent investment considerations, separately obtained appraisal or review appraisal and their own underwriting criteria in its overall investment decision.
16. The appraisal has been made in conformity with our understanding of the Uniform Standards of Professional Appraisal Practice (USPAP) as well as the Appraisal Institute's Supplemental Standards as we understand them.
17. Possession of a printed report or a copy thereof does not carry with it the right of publication, duplication or reliance. It may not be used or relied upon for any purpose by any individual, group, company, governmental entity or corporation other than the identified intended user(s) as set forth within the report.
18. The appraiser herein by reason of rendering an opinion of value is not required to give further consultation,

- testimony or be in attendance in any court with reference to the property in question unless such arrangements are in the original engagement agreement or separately agreed to by both parties to said agreement.
19. Should a third party call upon the appraiser for testimony, either expert testimony or fact testimony, as a result of this valuation assignment, the client is responsible for the appraisers' professional fees and direct expenses relative to any subsequent work.
 20. Neither all nor any part of the contents of the appraisal report, expressed either orally or in writing (especially any opinion as to value), the identity of the appraiser or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales materials, or other media without the prior written consent and approval of the client and the appraiser.
 21. A diligent effort to verify each comparable sale data. However, if personal contact is not possible, public records will be relied upon for verification. Further, it is recognized that in the confirmation process there exists the potential for misinformation, misleading information and fraudulent information being provided to the appraiser. Should such misinformation, in any form, be provided to the appraiser, no responsibility or liability is assumed by the appraiser. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy. Certain data used in compiling the requested opinion of value will be furnished by the client or others. Such data is assumed to be reliable and is verified when practical. No representations are herein provided as to correctness or accuracy of such third party data.
 22. Any photographs which may be a part of the valuation assignment are intended to reflect the general character of the area, the subject and/or comparable data. Said photographs are for illustrative purposes only.
 23. Any sizes of properties, unimproved or improved, be they acreage, square footages or other units of measurements are estimates only based on the sources cited or provided in the appraisal report.
 24. Any maps or other graphic devices are intended to be illustrative and general in character and location. No specificity is expressed or implied. The subject property and any comparable properties are best identified by official Appraisers Parcel Number issued by the applicable Office of the County Property Appraiser.
 25. If a written report is provided as part of the valuation assignment, used to support an oral opinion of value, said report is conditioned as a preliminary report only and subject to change including Condition Number 13 above, as well as any relevant interpretation or reinterpretation of the applicability of any provisions of the Uniform Standards of Professional Appraisal Practice, as may be amended from time to time.
 26. Particularly applicable to any assignment which has the potential to result in litigation, any such written appraisal report is done to support said oral testimony only and can only be relied upon as supporting said testimony and not as a free standing document. In such cases, the opinion of value is prepared for the "client" any written report is prepared solely for use by the appraiser.
 27. During the research and analysis process of the valuation assignment, additional "specific" assumptions and/or limiting conditions may be appropriate for the opinion of value sought. If so, they will be set forth separately to specifically identify same.
 28. Confidentiality of the appraiser/client relationship is controlled by Florida Statutes and applicable implementing Rules, as well as those of professional membership in the Appraisal Institute. The appraiser may not divulge confidential data to third parties without consent of the client. Our understanding of applicable laws and rules of the State of Florida is that they are more restrictive than those of the Gramm-Leach-Bliley Act of 1999.
 29. The client or identified intended user must review the appraisal report and communicate with the appraiser on any issues or concerning relative to said report or opinions of value prior to reliance on same.
 30. By use and reliance on the appraisal report or opinion of value, each party who does so, agrees to be bound by all of these Assumptions and Limiting Conditions, and any applicable Hypothetical Conditions and/or Extraordinary Assumptions stated within the final report or final opinion of value.

FLOOD MAP

According to flood hazard maps compiled by the Federal Emergency Management Agency the subject property is identified within the "X" flood zone which identifies area determined to be outside the 0.2% annual chance flood plain. Per Community Panel 12035C 0131D, revised July 17, 20006.

FLOOD INSURANCE

NFIP: This community participates in the National Flood Insurance Program (NFIP). The NFIP makes federally backed flood insurance available for all buildings, whether they are in a floodplain or not. Flood insurance covers direct losses caused by surface flooding, including a river flowing over its banks, a lake or ocean storm, and local drainage problems.

The NFIP insures buildings, including mobile homes, with two types of coverage: structural and contents. Structural coverage is for the walls, floors, insulation, furnace, and other items permanently attached to the structure. Contents coverage may be purchased separately provided the contents are in an insurable building.

Mandatory Purchase Requirement: The mandatory purchase requirement applies to all forms of federal Or federally related financial assistance for buildings located in a Special Flood Hazard Area (SFHA). This requirement affects loans and grants for the purchase, construction, repair, or improvement of any publicly or privately owned building in the SFHA, including machinery, equipment, fixtures, and furnishings contained in such buildings.

Financial assistance programs affected include loans and grants from agencies such as the Department of Veterans Affairs, Farmers Home Administration, Federal Housing Administration, Small Business Administration, and Federal Emergency Management Agency. The requirement also applies to secured mortgage loans from financial institutions, such as commercial lenders, savings and loan associations, savings banks, and credit unions that are regulated, supervised or insured by Federal agencies such as the Federal Deposit Insurance Corporation and the Office of Thrift Supervision. It also applies to all mortgage loans purchased by Fannie Mae or Freddie Mac in the secondary mortgage market.

How it Works: Before a person can receive a loan or other financial assistance from one of the affected agencies or lenders, there must be a check to see if the building is in a Special Flood Hazard Area (SFHA). The SFHA is the base (100-year) floodplain mapped on a Flood Insurance Rate Map (FIRM). It is shown as one or more zones that begin with the letter "A" or "V".

Copies of the FIRM are available for review in most local government building or planning departments. Many lenders and insurance agents also have copies. It is the agency's or the lender's responsibility to check the FIRM to determine if the building is in an SFHA, although many communities provide assistance.

If the building is in a SFHA, the agency or lender is required by law to require the recipient to purchase a flood insurance policy on the building. The requirement is for structural coverage equal to the amount of the loan (or other financial assistance) or the maximum amount available, whichever is less. The maximum amount available for a single-family house is \$250,000.

The mandatory purchase requirement does not affect loans or financial assistance for items that are not covered by a flood insurance policy, such as vehicles, business expenses, landscaping, and vacant lots. It does not affect loans for buildings that are not in the SFHA, even though a portion of the lot may be flood prone. While not mandated by law, a lender may require a Flood Insurance Policy as a condition of a loan for a property in any zone on a Flood Insurance Rate Map.
